## Technical Data

### Connection to PC

- 2 x 36-pin female CENTRONICS

### Connection to Printer

- 1 x 25-pin female D-SUB

### Max. Printing Speed

- 70.000 characters per second

### Max. Cable Length

- Up to 6 meters

### Compability

- Supports all existing parallel ports

### Installation Time

- Approx. 5 minutes per PC

### Environmental Condition

- Temperature: 0° Celsius to 45° Celsius
- Humidity: non-condensing

### Power Supply

- Through printer (< 3 mA)

### Housing

- Metallized ABS-synthetic housing

### System Requirements

- Operating System 7 Printing System: Any
- Hardware: Standard PC, one parallel port
- Cable: Standard printer cable (25-pin male D-SUB to 36-pin male Centronics)
