
SDIP Lab

Our SDIP Lab is approved for TEMPEST certification for SDIP 27 Level A, B and C by BSI, the Federal Office for Information Security (National TEMPEST Authority, NTA, <http://www.bsi.de/>).

The TEMPEST measurements are performed in strict accordance to SDIP 27.

Our key personnel have many years experience performing formal TEMPEST tests.

We offer a wide range of services including:

- TEMPEST Certification testing to NATO Standard SDIP 27 Level A, B and C
- TEMPEST Design and Consultancy Services
- Installation Support
